I only took one box but I can truthfully say that I was in better health when I finished it than I had been before in a long time, and my kidneys ceased troubling me."

ALLIED FOR PEACE

BRAZIL AND ARGENTINA IN
CLOSE UNION.

PATRONS OF THE REPUBLICS

ON THE CONTINENT OF SOUTH
AMERICA.

SEEK JUSTICE FOR BOLIVIA

MAY GET CHILE TO YIELD A
SEAPORT.

Washington, Nov. 13.—It is the understanding among prominent South American members of the diplomatic corps that the visit of President Campos-Salles, of Brazil, to the president of Argentina has been productive of an agreeable understanding by which these two powerful republics of the south are likely to exert their united influence toward the pacific adjustment of some of the perplexing questions which have disturbed their neighboring republics.

While there is said to have been no formal treaty of alliance the indications are that the two nations will now carry forward the same general policy for a pacific adjustment of pending difficulties. One of these concerns the coast line of Bolivia.

At one time Bolivia was possessed of a considerable ocean front with some good harbors. But as a result of warfare Chile took possession of all Bolivia's coast line, leaving that country in much the same condition as Switzerland—without access to the sea—and hemmed in on all sides by opposing forces.

Bolivia has taken this very much to heart and her pleas have appealed to the sense of justice of quite a number of the South American states. It is believed that Bolivia's plight has been taken into consideration in conversations between the presidents of Brazil and Argentina, and that without any recourse to arbitrary means they will try to induce Chile to grant Bolivia a restoration of at least some part of her coast line, thus restoring her to her former dignity and importance as a maritime nation. Owing to the strong bonds between these two nations and Chile it is felt that Chile will be disposed to grant every desire for the rehabilitation of Bolivia.

Beyond this, however, there is said to be no likelihood of any pressure being brought to bear on Chile, as it is only through pacific means and the usual exercise of good offices that the change is hoped to be brought about. The Argentina minister, Dr. Edouardo Wild, was asked today as to the reports of political significance attaching to President Campos-Salles' visit to Argentina. The minister answered that he had received no official advice on the subject, but he felt warranted in expressing his personal conviction that the visit would have a very good result in uniting more firmly the close political relations. The visit was largely social and complimentary, being a return of the trip made by the president of Argentina to Brazil last year. Doubtless there has been an opportunity during the exchange of felicitations to talk over these subjects on which Brazil and Argentina are mutually interested. Dr. Wilde says both of the countries desire an end to the petty complications which have arisen from time to time in neighboring countries, so that there may be uninterrupted peace for the development of splendid natural resources.

As to Bolivia Dr. Wilde said he is not advised but thought it quite likely that Brazil and Argentina would make known their desire for a pacific adjustment of this long pending source of conflict.

The report which has gained circulation that the southern countries might form a commercial alliance which would prove antagonistic to the United States is dismissed by Dr. Wilde as entirely without foundation. He says there is in official circles throughout South America the very highest regard for the great republic of the north, and that commerce with this country is being constantly fostered. There is no disposition anywhere to interrupt these favorable conditions, but a constant desire to increase the trade relations and the strong political bonds of friendship existing between North and South America.

San Bernardino, Cal., Nov. 13.—A forest fire has destroyed Brookings' mill, in Fredalbra park, and burned over 10,000,000 feet of lumber. The fire raged for many hours and the flames could be plainly seen sixty miles away. Brookings' mill is the largest in southern California and gave employment to 250 men. The damage done by the fire is estimated at \$400,000. The mill was owned by Michigan men. Fredalbra Park is a summer resort and the buildings there are threatened with destruction. OFFICER LAUGHLIN RESIGNS.

Officer John Laughlin last evening handed to Superintendent Gosline his patrolman's star, having given notice before that he would resign from the police force. Mr. Laughlin resigns to become a merchant policeman, and hereafter he will look after the territory which has been under the watchful eye of John B. Ryan for several years. Mr. Laughlin had some experience as a merchant policeman and for a time served as a deputy sheriff. He says that the duties of a merchant policeman are more congenial than those of a policeman. Mr. Ryan has been appointed a deputy sheriff by Sheriff-elect Stout and will enter upon his duties next Saturday. He faithfully discharged the duties of a private policeman and infrequent indeed was it that any fire or depredations were reported from John Ryan's territory. The board of safety will at its next meeting appoint Mr. Laughlin's successor.

LAUNDRY WORKERS' UNION.

The Trades and Labor Council Monday evening instructed its committee to proceed with the organization of the laundry workers, and there is promise of a strong union in this branch of labor.

John Brown, from the Hod Carriers' union; B. C. Hattie, from the Electrical workers; J. W. Lakey, from the Carpenters, and Joseph Eergenroether, C. E. Benjamin and John Krah, from the Bricklayers, presented credentials as delegates to the council, and the organizing committee announced that the bricklayers had reconsidered their withdrawal from the council.

The special committee to assist Clerks' union No. 228 and 10 was instructed to prosecute all meat markets, groceries and clothing houses which kept open on Sunday. The secretary was instructed to select a speaker for the next Labor day celebration, and a special committee was appointed to call on local book dealers to request them to refuse to handle the goods of a Chicago firm which is reported as unfair.

CURES INFLAMMATORY RHEUMATISM

All Druggists. Send for Our Pamphlet. THE ATHLOPHOROS CO., New Haven, Conn.

The main symptoms of Inflammatory Rheumatism are pain, tenderness, redness and swelling of the affected joints. Fever, headache, chilliness, thirst and profuse perspiration are often present.

Athlo-phoros cures by thrusting out the poisonous uric acid from the blood. Its cures are reasonably quick, certain and always permanent.

Three weeks ago I was stricken with Inflammatory Rheumatism and was absolutely helpless. Three bottles of Athlo-phoros have enabled me to sit up and I think have saved my life.

Young Matrons

Who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. As a preservative of health and beauty Doctor

Pierce's Favorite Prescription has been hailed by women as "a God-send" to their sex. It gives the strength and health upon which "happy motherhood" depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Mrs. Orrin Stiles, of Downing, Dunn Co., Wis., writes: "I have been intending to write you ever since my baby was born in regard to what your 'Favorite Prescription' has done for me. I cannot praise it enough, for I have not been as well for five years as I now am. In July last I had a baby boy, weighing 17 pounds, and I was only sick a short time, and since I got up have not had one sick day. I have not had any internal trouble since I got up. I was not only surprised myself but all of my friends here are surprised to see me so well."

Dr. Pierce's Medical Adviser, every woman's friend, is sent free on receipt of stamps to pay cost of mailing only. Send at one-cent stamps for book, in paper covers, or 21 stamps in cloth binding, to Dr. R. V. Pierce, Buffalo, N. Y.

"CHILDREN AND FOOLS."

"Judge of a Thing Half Done."

This is particularly applicable in cases where persons seriously troubled from the effects of coffee drinking and who take up Postum Food Coffee in its place, attempt to make the new beverage with a little hot water and two or three minutes' boiling. That sort of a "lick and a promise" produces a drink that is simply exasperating. It is flat and tasteless, whereas the person who will boil the Postum full fifteen minutes after the actual bubbling and boiling begins, will have a beverage that is something.

There is a point between twelve and fifteen minutes of boiling when the character of Postum is changed, the food value is extracted and the delicious flavor which much resembles the milder and more expensive grades of Java coffee is produced.

A lady in Salem, Ore., says: "Whenever I drank coffee at night, I always passed a restless, wakeful night. Extreme nervousness and a weak stomach have followed me ever since I have been using coffee. Finally I got into such a state that my dyspepsia took the form of spasms and heart weakness."

"I suffered intensely, and when a physician was called, he inquired, among other things, if I drank coffee and insisted that I leave it off. I did so and took up tea, which I found almost as bad. Finally husband brought home a package of Postum, and we tried it (strictly according to directions, for we believe in the adage that 'Children and fools judge of a thing half done.')

"The new coffee was delicious and from that day until now (which is a year) it has been our only drink at meals. My dyspepsia, spasms, etc., are a thing of the past. My husband had suffered some years with bilious headaches and indigestion, but during the past year, on Postum Food Coffee, he has entirely recovered his health and gained much in weight. Our friends frequently comment on our improved appearance and change in complexion." Name of writer supplied by Postum Co., Battle Creek, Mich.

PREPARE TO CELEBRATE.

Following the old-time German custom, the Turnverein Vorwaerts will celebrate Christmas in elaborate fashion this year and the work of arrangement has been placed in the hands of a committee composed of A. Bodenbeck, Carl Simon, John Koch, A. Roggen and Max Wehnert. A social gathering of the members of the society and their families will also be held at the hall on the evening of December 30.

HIGHLANDERS WILL COME.

The Caledonian society has succeeded in securing the famous band of the Forty-eighth Highlanders, of Toronto, Ont., for a concert in this city, and the band will appear at the Temple theater on the evening of December 18th. The Highlanders' band is under the direction of John Slater, formerly conductor of the band of the Life Guards of Queen Victoria, and one of the finest cornet soloists in the world. The band is touring the larger cities of the United States, and has everywhere been received with great enthusiasm.

ENVOYS AGREE ON PROGRAM

FACT THAT IMPOSES ON CHINA
HEAVY REPARATION.

London, Nov. 13.—The Globe this afternoon publishes a letter from a Belgian gentleman who has been traveling to Peking via the Trans-Siberian railroad. He describes, under date of September 6, what he saw in the Amur river. His account surpasses in horror those previously published.

"The scenes I have witnessed during the three days since the steamer left Blagovetchensk," he says, "are horrible beyond the powers of description. It is the closing tableau of a fearful human tragedy. Two thousand were deliberately drowned at Morko, 2,000 at Rabe and 8,000 around Blagovetchensk, a total of 12,000 corpses encumbering the river, among which were thousands of women and children. Navigation was all but impossible. Last week a boat had to plough her way through a tangled mass of corpses lashed together by their long hair. The banks were literally covered with corpses. In the curves of the stream were dark, putrid, smelling masses of human flesh and bone, surging and swaying in the steamer's wake and wash. The captain vainly ordered full speed ahead. The right and small will be ever with us.

"From Blagovetchensk to Aigun, forty-five kilometers, numerous villages studded the bank, with a thriving, industrious population of over 100,000. That of Aigun was 20,000. No one will ever know the number of those who perished by shot, sword and stream.

"Not a village is left. The silence of death was around us, the smoking ruins of Aigun, with broken-down, crumbling walls and shattered, roofless houses."

EMPEROR TO HONOR HER.

New York, Nov. 13.—According to a dispatch from Berlin to the Journal and Advertiser the kaiser has just given further evidence of his regard for Baron von Ketteler, who was assassinated in China, by inviting the baron's widow to Germany in order that he may express to her his keen sense not only of her husband's services, but also of the courage and gallantry which she herself displayed throughout the terrible siege of the legations.

It is said that the kaiser besides vesting the widowed baroness with the order Louise, of which the empress is grand mistress, will offer her a pension and create her a countess in her own right.

It is probable that the baroness will also be offered the title of lady in waiting to the empress. She is certain to be overwhelmed by court, government, society and the people in general with tokens of kindly sympathy and regard.

THE BARONESS RECOVERING.

Chicago, Nov. 13.—A special to the Tribune from Detroit says:

Baroness Von Ketteler, whose husband was murdered by the Chinese in Peking, is slowly improving at the residence of her father, Henry B. Ledyard, president of the Michigan Central Railroad company. When she arrived about five weeks ago her condition was such that her relatives for a time were greatly alarmed. She is now convalescent. Friends of the family say that as soon as she is able she will cross the seas en route for the later home of Baron Von Ketteler and will be received by Emperor William, who has requested her to come.

THE ENVOYS' PEACE FACT.

London, Nov. 13.—Dr. Morrison, writing to the Times from Peking Sunday, says:

"Presided by the common desire for a speedy termination of present conditions, the foreign envoys have finally agreed to the following terms, to be presented in a conjoint note which, subject to the approval of the governments, will be pressed upon China as the basis of a preliminary treaty:

Baron von Ketteler on the site where he was murdered and send an imperial prince to Germany to convey an apology. She shall indict the death penalty upon eleven princes and officials already named and suspend provincial examinations for five years where the outrages occurred. In future all officials failing to prevent anti-foreign outrages within their jurisdiction shall be dismissed and punished. (This is a modification of Mr. Gongar's proposal.)

"Indemnity shall be paid to the state, corporations and individuals. The tsung li yamen shall be abolished and its functions vested in a foreign minister. Rational intercourse shall be permitted with the emperor, as in civilized countries.

"The forts at Taku and the other forts on the coast of Chi Li shall be razed and the importation of arms and war material prohibited. Permanent legation guards shall be maintained and also guards of communication between Peking and the sea.

"Imperial proclamations shall be posted for two years throughout the empire suppressing boxers.

"The indemnity is to include compensation for Chinese who suffered through being employed by foreigners, but not compensation for native Christians. The words missionary and Christians do not occur in the note."

Commenting upon what it calls Mr. Gongar's "excellent suggestion for the dismissal of officials permitting anti-foreign outrages," the Times remarks that "this is the only considerable addition to the terms which the ministers proposed to submit to China last month."

It says that "American sense of justice and humanity is too strong and American intelligence too keen to be deluded by the pitiful Chinese appeal against the execution of the Pao Ting Fu officials."

PEKIN TO BE AN OPEN PORT.

Washington, Nov. 13.—In addition to the points said to be agreed upon at Peking as a basis for settlement with China, as announced in cable dispatches, it is understood that several other points are likely to receive attention when the matter is taken up with the Chinese envoys. One of these is as to making the city of Peking an "open port," for while it is not on the seacoast the purpose is to extend to it that freedom of commerce and intercourse with foreigners which now applies only to those open ports designated by treaties with China.

The suggestion that this action be taken has been made in high Chinese quarters, and its advisability is urged because Peking, as the capital of the Chinese empire, is the centre of influence throughout the country. Another point which may be proposed is that capital punishment by beheading or otherwise, shall not occur in the future by imperial edict alone, but only after a trial such as is given in civilized countries, the accused having an opportunity to be heard. This does not apply to the executions made necessary by the boxer movement.

Official dispatches have been received here from the viceroys of the southern provinces of China, who thus far have been most friendly to foreigners, stating that they were shocked by the execution of the acting viceroy of Chili and also stating that they feared this would have a serious effect in those localities hitherto favorably disposed.

NEWS OF PACT CONFIRMED.

Berlin, Nov. 13.—A semi-official dispatch from Peking, dated November 12, gives the text of the conjoint note of the powers to China, confirming the London Times' dispatch, dated Peking, November 11.

Among the additional stipulations, the note requires China to erect expiatory monuments in every foreign or international burial ground where graves have been profaned.

RUSSIANS TAKE ARSENAL.

London, Nov. 13.—A special dispatch from Tien Tsin, dated November 10, says a force of Russians has captured the arsenal northeast of Yang Tsun, with trifling loss, killing 200 Chinese and capturing a quantity of arms and treasure.

IDLENESS FOR FIVE HUNDRED.

Niles, Ohio, Nov. 13.—On Tuesday 500 men will be thrown out of work here by the closing of the forge and plate mills department of the American Sheet Steel company's mills. This action is due to injunctions threatened by the National Tube company and the Republic Iron and Steel company. The latter company claims that when it sold its sheet mills it was with the agreement that the American company would manufacture only steel sheet.

ANNUAL MESSAGE DISCUSSED
AT A MEETING.

MEMBERS OUTLINE REPORTS

WAR TAXES TO UNDERGO SOME
REDUCTION.

Washington, Nov. 13.—At the meeting of the cabinet today President McKinley, discussing the recent elections and their results, expressed the hope that every member of the cabinet would remain in his official family during the next four years. He regarded the result of the elections as an endorsement not only of his own ideas and policies, but also of the administration of every department of the government.

The meeting was devoted largely to the discussion between the president and his advisors of his forthcoming message to congress. Each of the members furnished a forecast of his annual report, but none of the reports were in shape for formal presentation. It was practically decided that the recommendation in the message on the subject of the war revenue taxes will advocate a small reduction, scaling down the total revenue about \$15,000. Just where this decrease will be made has not been determined.

Considerable attention will be devoted to the Nicaraguan canal in the message, but the president's recommendations are not yet clearly formulated.

The Chinese question was discussed only in a general way.

SKIRMISHES WITH BOERS.

London, Nov. 13.—Under date of Johannesburg, Nov. 12, Lord Roberts telegraphs to the war office as follows:

"Rundel reports skirmishes with small parties of Boers in the Harmsburg, Rietz and Vreda districts recently. The commandoes appear to be acting independently and with no object except to give as much annoyance as possible to the British.

"Our casualties in these skirmishes were two killed and seven wounded. 'Douglas arrived at Ventersdorp November 11 from Zeeuws, capturing during the march twenty-one prisoners and a quantity of cattle and sheep. Ventersdorp, which has been a depot of supplies for the Boers, will now be cleared out."

HARPER AND OLYMPIAN GAMES

Chicago, Nov. 13.—Dr. W. R. Harper, president of the University of Chicago, today denied that he had written a letter to Baron D. Goubertin, of Paris, in an effort to bring the Olympic games of 1904 to Chicago. Dr. Harper declared that so far as he is concerned there is no foundation for the report recently cabled from Paris, which stated that he had written the baron with a view to securing the great quadrennial field meet for this city.

V., has been honorably discharged from the service of the United States to take effect December 1 next, his services being no longer required. VIOLA ALLEN COMES NOV. 30.

An error of the types in Saturday's Sentinel caused an error of announcement of the date of Viola Allen's engagement in Fort Wayne. The date of this great actress' production of "The Palace of the King" in Fort Wayne is Friday evening, Nov. 30, not 30th, as the Sentinel erroneously announced.

EAST MAIN STREET SHAKEN

EXPERIENCED SYMPTOMS OF
AN EARTHQUAKE.

Jar From Blasting in Big Sewer
Causes Some Alarm Until
It is Explained.

During the past day or two residents of East Main street have been experiencing pronounced symptoms of earthquake which caused considerable alarm in some instances until its cause was fully explained. Yesterday and last evening there were several unusually violent shocks that made windows rattle and residences tremble with a vigor calculated to disturb the peace of mind of those who did not understand the cause.

The jarring is believed to be due to the blasting which it has been found necessary to resort to in the construction of the big intercepting sewer. At several points along the course of the sewer immense rocks have been encountered which defied any other method for their removal. Along East Main street the removal of the earth was first felt, and as the work proceeded westward near the bed of the old canal Main street came in for its share of the shaking.

BUY BIG FACTORY

FORT WAYNE SPOKE COMPANY
IN NEW HANDS.

\$35,000 DEAL CLOSED TODAY

C. G. STRIEDER AND HERBERT
KEMP ARE PURCHASERS.

PLANT WILL BE ENLARGED

W. S. SPONHAUER REMAINS
WITH THE WORKS.

One of the most extensive business transactions in Fort Wayne during the present year was consummated this morning when C. G. Strieder and Herbert Kemp purchased the big factory of the Fort Wayne Spoke company, located along the Wabash railroad tracks at Wabash avenue. The exact price is not given out, but it is understood to have been between \$30,000 and \$35,000. The new owners are already in possession. The purchase included the factory buildings and machinery and five acres of land on which they stand. The main factory is of brick, two stories in height and 50x150 feet in dimensions. In addition there is a commodious office building, the large storehouse, 100x150 feet; two dry kilns and numerous sheds. The factory is at present employing fifty men and has orders on hand sufficient to keep it in operation steadily for at least six months. Spokes and hubs in large variety are manufactured.

The new purchasers today are young men well known in Fort Wayne business circles and their success is assured. Mr. Strieder has been a bookkeeper at the White National bank and for the present will retain his position in that institution. Mr. Kemp has been buyer for Mossman, Yarnelle & Co. and is thoroughly acquainted with the class of goods manufactured. The firm name, Fort Wayne Spoke company, will be retained and Mr. Kemp will be in immediate charge as general manager. The plans of the new firm contemplate immediate enlargement, and the new proprietors confidently hope to double the size of the concern within a short time.

The factory has had a varied experience. It was established many years ago by Winch & Sons, who later sold it to the American Wheel company. It next went into the hands of the Standard Wheel company and for a period of seven years was idle. Four years ago W. S. Sponhauer, from whom the purchase was made today, acquired the property and under his management it has been uniformly successful. Mr. Sponhauer makes the sale to enable him to retire from active business, though he will remain with the new firm for a period of six months.

FAMOUS CHARACTER DEAD.

New York, Nov. 13.—James Corcoran, who died in this city yesterday, was the subject of innumerable newspaper stories and the hero of many a New York melodrama. He was known as "Jimmy" Corcoran and gained most of his fame as the founder and ruler for half a century of "Corcoran's Roost." And next to that his fame with his class rested upon the fact that he hated a policeman, one of whom he maligned for life "just for exercise." He was eighty years old and came to New York more than a half century ago and built a shack, in which he lived for many years, after which, out of his earnings as a truckman, he built the three-story stone house in which he died and which was known as "Corcoran's Roost."

CALIFORNIA'S VINTAGE.

San Francisco, Nov. 13.—The Chronicle says: Quality rather than quantity is the distinctive mark of the dry vintage of 1900. The production will be about the same as that of last season, but the high standard of 1893 will be attained. The best authorities agree in placing the amount of wine fermented at from 13,500,000 to 15,000,000 gallons of dry and 7,000,000 gallons of the sweet varieties. The grape growers in the dry and in the sweet wine districts had a profitable year.

GYNECOLOGISTS MEET.

Atlanta, Ga., Nov. 13.—The Southern Surgical Gynecological association met in its thirteenth annual session here today. While the association is southern in name, it has a

ROBBED BY TRUSTED CLERK

BROKERAGE FIRM IN NEW
YORK IN RECEIVER'S HANDS.

Grant Brothers Said to Have Been
Ruined by Stealings of a
Confidential Clerk.

New York, Nov. 13.—Grant Bros., stock brokers, of this city, have assigned to E. C. Stedman. The firm was a member of the stock exchange.

The assignee says that the firm has been inactive and for the last few months has been winding up its affairs. He felt sure, however, that the amount of the liabilities would be below \$100,000 and probably less than half that sum.

Grant Bros. were prominent on the exchange several years ago, when the head of the firm was James Grant. The family is said to have made a fortune in the metal trade.

It is reported the firm's assignment was precipitated by the defalcation of a trusted employee, who is alleged to have taken from \$150,000 to \$175,000. The name of the man is withheld and Mr. Stedman, the assignee, refuses to confirm or deny the report.

CAUGHT A THIEF.

W. P. Cooper, of this city, transacted business in Bluffton yesterday. During the day M. M. Justus, of the firm of Justus & Roberts, had an experience which maintains his reputation as a thief catcher. Two strangers entered the store and made a small purchase, giving in payment thereof a check for \$50, receiving back the change. When Mr. Justus' attention was called to the check he pronounced it a forgery and began a hunt for the forgers. Mr. Justus learned they had left the city, and hiring a rig he followed and overtook the fellows three miles from town. One of them made a bold dash and got away, but Mr. Justus captured the other fellow and landed him in jail. He recovered the goods purchased and the money given in change.

INSPECTING THE SEWER.

Expert Engineer MacHarg arrived from Columbus, Ohio, this morning and at 9 o'clock was met at the city hall by the board of works, citizens of the south side and Assistant Engineer Goss. Several lanterns were secured, pantalons were rolled up and the party started for the South Wayne sewer to travel through it and make a thorough inspection. Citizens in the party were Hon. James M. Barrett, Hon. John F. Rodabaugh, William Kruse, S. B. Bond, D. N. Foster and E. G. Erickson, engineer of maintenance of way on the Pennsylvania. The gentlemen expect to complete their inspection today and Engineer MacHarg will make a report at once.

CLAIMS FAVORED.

The council committee on claims met last evening and decided to report favorable the claim of Daniel Sanders, who has fees charged against the city for a case commenced while Colonel Oakley was mayor. The claim is for \$4.50. The committee also decided to report in favor of paying August Dan \$25 for injuries received while driving along Calhoun street. The Alcatraz Construction company must repay the city this latter allowance.

The young people of the Wayne Street M. E. church met last evening at the parsonage and organized a reading circle which will be in charge of the literary department of the Epworth league.

TO SPEND \$50,000

IN ENLARGING ITS RAILROAD
SHOPS IN FORT WAYNE.

WABASH COMPANY IS WILLING

IF WAYNE TOWNSHIP WILL
VOTE \$100,000

TO HELP BUILD BUTLER ROAD

RAILROAD OFFICIALS MAKE A
DEFINITE PROPOSITION.

The Wabash Railroad company has come out with a definite proposition to the friends of the proposed Fort Wayne and Butler line, and through them to the people of Fort Wayne. The Wabash company agrees to expend the sum of \$50,000 in enlarging its shops in this city provided Wayne township will vote a subsidy to assist in the construction of the line from Fort Wayne to Butler.

The Sentinel some time ago noted that a number of representative Wayne township citizens who were desirous of seeing the Butler line constructed as a connecting link between the two branches of the Wabash system were signing a petition to the county commissioners asking for a special election to vote on an appropriation of \$100,000 to aid the project. This petition has been quite numerous signed, but it has never been filed for the reason that those in charge were awaiting just such a proposition as has now been made by the Wabash company.

The agreement to expend one-half the appropriation, or \$50,000, reached the city Monday, bearing the approval of General Manager Ramsey, of the Wabash, and today attorneys are at work upon a new petition to the county commissioners. This will be along the same lines as the previous document, but it will be much stronger, for the reason that the Wabash agreement is incorporated into and made a part of the consideration. The railroad people, it is learned, desire an early settlement of the question, and the gentlemen who signed the previous petition will no doubt readily attach their signatures to this second document, for those who are in charge feel that the Wabash agreement gives them something tangible on which to go before the people. The petition will be presented to the county commissioners as soon as the required signatures are attached.

NEW LAW PARTNERSHIP.

The election of Hon. J. H. Aiken to the superior court bench necessitated his retirement from practice and from the law firm of Aiken & Dawson, and succeeding this firm is that of Dawson & Underwood, who will retain offices at the corner of Main and Calhoun streets. The senior partner, Ronald Dawson, son of the late Judge C. M. Dawson, is well known in Fort Wayne. His partner, H. C. Underwood, has for some time been court reporter. Mr. Underwood was admitted to the bar in Huntington in 1892, was associated with the firm of Milligan & Cook at Huntington, and was deputy prosecutor of that county from 1892 to 1894. Mr. Underwood came to Fort Wayne in 1897.

ALLIED FOR PEACE

BRAZIL AND ARGENTINA IN CLOSE UNION.

PATRONS OF THE REPUBLICS

ON THE CONTINENT OF SOUTH AMERICA.

SEEK JUSTICE FOR BOLIVIA

MAY GET CHILE TO YIELD A SEAPORT.

Washington, Nov. 13.—It is the understanding among prominent South American members of the diplomatic corps that the visit of President Campos-Salles, of Brazil, to the president of Argentina has been productive of an agreeable understanding by which these two powerful republics of the south are likely to exert their united influences toward the pacific adjustment of some of the perplexing questions which have disturbed their neighboring republics.

While there is said to have been no formal treaty of alliance the indications are that the two nations will now carry forward the same general policy for a pacific adjustment of pending difficulties. One of these concerns the coast line of Bolivia.

"At one time Bolivia was possessed of a considerable ocean front with some good harbors. But as a result of warfare Chile took possession of all Bolivia's coast line, leaving that country in much the same condition as Switzerland, without access to the sea—and hemmed in on all sides by opposing forces.

Bolivia has taken this very much to heart and her pleas have appealed to the sense of justice of quite a number of the South American states. It is believed that Bolivia's plight has been taken into consideration in conversations between the presidents of Brazil and Argentina, and that without any recourse to arbitrary means they will try to induce Chile to grant Bolivia a restoration of at least some part of her coast line, thus restoring her to her former dignity and importance as a maritime nation. Owing to the strong bonds between these two nations and Chile it is felt that Chile will be disposed to grant every desire for the rehabilitation of Bolivia.

Beyond this, however, there is said to be no likelihood of any pressure being brought to bear on Chile, as it is only through pacific means and the usual exercise of good offices that the change is hoped to be brought about. The Argentine minister, Dr. Edouardo Wilde, was asked today as to the reports of political significance attaching to President Campos-Salles' visit to Argentina. The minister answered that he had received no official advice on the subject, but he felt warranted in expressing his personal conviction that the visit would have a very good result in uniting more firmly the close political relations. The visit was largely social and complimentary, being a return of the trip made by the president of Argentina to Brazil last year. Doubtless there has been an opportunity during the exchange of felicitations to talk over these subjects on which Brazil and Argentina are mutually interested. Dr. Wilde said both of the countries desire an end to the petty complications which have risen from time to time in neighboring countries, so that there may be uninterrupted peace for the development of splendid natural resources.

As to Bolivia Dr. Wilde said he is not advised but thought it quite likely that Brazil and Argentina would make known their desire for a pacific adjustment of this long pending source of conflict.

The report which has gained circulation that the southern countries might form a commercial alliance which would prove antagonistic to the United States is dismissed by Dr. Wilde as entirely without foundation. He says there is in official circles throughout South America the very highest regard for the great republic of the north, and that commerce with this country is being constantly fostered. There is no disposition anywhere to interrupt these favorable conditions, but a constant desire to increase the trade relations and the strong political bonds of friendship existing between North and South America.

San Bernardino, Cal., Nov. 13.—A forest fire has destroyed Brookings' mill in Fredalbra park, and burned over 10,000,000 feet of lumber. The fire raged for many hours and the flames could be plainly seen sixty miles away. Brookings' mill is the largest in southern California and gave employment to 250 men. The damage done by the fire is estimated at \$400,000. The mill was owned by Michigan men. Fredalbra Park is a summer resort and the buildings there are threatened with destruction. OFFICER LAUGHLIN RESIGNS.

Officer John Laughlin last evening handed to Superintendent Gorsline his patrolman's star, having given notice before that he would resign from the police force. Mr. Laughlin resigns to become a merchant policeman, and hereafter he will look after the territory which has been under the watchful eye of John B. Ryan for several years. Mr. Laughlin had some experience as a merchant policeman and for a time served as a deputy sheriff. He says that the duties of a merchant policeman are more congenial than those of a policeman. Mr. Ryan has been appointed a deputy sheriff by Sheriff-elect Stout and will enter upon his duties next Saturday. He faithfully discharged the duties of a private policeman and infrequent indeed was it that any fires or depredations were reported from John Ryan's territory. The board of safety will at its next meeting appoint Mr. Laughlin's successor.

LAUNDRY WORKERS' UNION.

The Trades and Labor Council Monday evening instructed its committee to proceed with the organization of the laundry workers, and there is promise of a strong union in this branch of labor.

John Brown, from the Hod Carriers' union; B. C. Hattie, from the Electrical workers; J. W. Lakey, from the Carpenters, and Joseph Hergenrother, G. B. Benjamin and John Krah, from the Bricklayers', presented credentials as delegates to the council, and the organizing committee announced that the bricklayers had reconsidered their withdrawal from the council.

The special committee to assist Clark's union No. 228 and 10 was instructed to prosecute all meat markets, groceries and clothing houses which kept open on Sunday. The main symptoms of inflammatory Rheumatism are pain, tenderness, redness and swelling of the affected joints. Fever, headache, chilliness, thirst and profuse perspiration are often present.

A HANDSOME GIFT.

The gift is a beautiful and expensive davenport, presented on Saturday afternoon by Trustee Schmetzer on behalf of the trustees. Mr. Young prizes the gift highly.

SIX FRIGHTFUL FAILURES.

Six terrible failures of six different doctors nearly sent Wm. H. Mul-lon, of Lockland, O., to an early grave. All said he had a fatal lung trouble and that he must soon die. But he was urged to try Dr. King's New Discovery for Consumption. After taking five bottles he was entirely cured. It is positively guaranteed to cure all diseases of Throat, Chest and Lungs, including Coughs, Colds, La Grippe, Pneumonia, Bronchitis, Asthma, Hay Fever, Croup, Whooping Cough. 50c and \$1.00. Trial bottles free at Dreier Bros' drug store.

"CHILDREN AND FOOLS."

This is particularly applicable in cases where persons seriously troubled from the effects of coffee drinking and who take up Postum Food Coffee in its place, attempt to make the new beverage with a little hot water and two or three minutes' boiling. That sort of a "lick and a promise" produces a drink that is simply exasperating. It is flat and tasteless, whereas the person who will boil the Postum full fifteen minutes after the actual bubbling and boiling begins, will have a beverage that is something.

There is a point between twelve and fifteen minutes of boiling when the character of Postum is changed, the food value is extracted and the delicious flavor which much resembles the milder and more expensive grades of Java coffee is produced.

A lady in Salem, Ore., says: "Whenever I drank coffee at night, I always passed a restless, wakeful night. Extreme nervousness and weak stomach have followed me ever since I have been using coffee. Finally I got into such a state that my dyspepsia took the form of spasms and heart weakness."

"I suffered intensely, and when a physician was called, he inquired, among other things, if I drank coffee and insisted that I leave it off. I did so and took up tea, which I found almost as bad. Finally husband brought home a package of Postum, and we tried it (strictly according to directions, for we believe in the adage that 'Children and fools judge of a thing half done.')

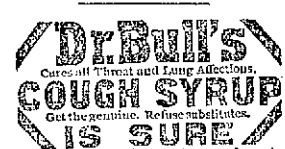

"The new coffee was delicious and from that day until now (which is a year) it has been our only drink at meals. My dyspepsia, spasms, etc., are a thing of the past. My husband had suffered some years with bilious headaches and indigestion, but during the past year, on Postum Food Coffee, he has entirely recovered his health and gained much in weight. Our friends frequently comment on our improved appearance and change in complexion." Name of writer supplied by Postum Co., Battle Creek, Mich.

PREPARE TO CELEBRATE.

Following the old-time German custom, the Turnverein Vorwerths will celebrate Christmas in elaborate fashion this year and the work of arrangement has been placed in the hands of a committee composed of A. Bodenbusch, Carl Simon, John Koch, A. Roggen and Max Wehnert. A social gathering of the members of the society and their families will also be held at the hall on the evening of December 30.

HIGHLANDERS WILL COME.

The Caledonian society has succeeded in securing the famous band of the Forty-eighth Highlanders, of Toronto, Ont., for a concert in this city, and the band will appear at the Temple theater on the evening of December 18th. The Highlanders' band is under the direction of John Slater, formerly conductor of the band of the Life Guards of Queen Victoria, and one of the finest cornet soloists in the world. The band is touring the larger cities of the United States, and has everywhere been received with great enthusiasm.

The good people of Greater New York are getting ready for a grand free-for-all tiger hunt next fall.

A late estimate is that the Boer war has cost Great Britain \$600,000,000. This does not include any valuation of the lives of the thousands of British soldiers slain.

With the death of Marcus Daly and the consequent end of the Clark-Daly feud there is likely to be some diminution of prosperity in Montana. Mr. Daly's political expense will disappear altogether and Mr. Clark's may be considerably reduced.

It is suggested that if Secretary of Agriculture Wilson returns from the cabinet in the spring Governor Moun, of this state, would be a good man to succeed him. So he would. But in view of the governor's oft-expressed opinion of Senator Mark Hanna during the present campaign his selection for a portfolio looks like a rather hazy prospect.

The life of the late Henry Villard perhaps better than that of any other man of this generation illustrates the value of the never-say-die spirit. He began poor, amassed an immense fortune and lost it. He began again and shortly was once more wealthy and powerful. Again fortune played him scurvily and his wealth took wings. Nothing daunted he began all over again, and while not retrieving all he had lost he won success. He never gave up.

Since the election Wall street has experienced something like a flood. Money has come forth in immense volume for investment and stocks have been soaring. According to a table of the lending stocks prepared by the New York World the four

days' boom ending Saturday added almost half a billion dollars to the market value of stocks. Standard Oil is the leader and John D. Rockefeller's holdings in that corporation alone increased in market value \$21,700,000 in the four days, having a total value of \$217,000,000.

Republican Chairman Combs, of Kentucky, comes down from the tree with probably as much grace as any man in like situation could. He gives up his claims that Yerkes was elected governor and concedes the election of Beckham, with the reservation that Yerkes received the most votes. He further says that because the election machinery is in the hands of the democrats and there is no state tribunal likely to go behind the returns it is useless to make a contest. Very well said, all things considered. Chairman Combs is wise and shows some genuine patriotism. He knows the election of Beckham is honest. The suddenness with which he has abandoned his earlier extravagant claims is proof of that. He is evidencing a genuine regard for his state and its people by taking steps to prevent a recurrence of the disorders of a year ago. Chairman Combs deserves well.

Harry S. New, editor of the Indianapolis Journal, republican national committeeman from Indiana and one of the foremost managers of the late campaign, is aspiring to first-class distinction. His friends, it is said, will urge him for the war portfolio should Secretary Root retire from the cabinet or become head of the state department, as is now gossiped. If a cabinet place is not practicable, then he will seek the chairmanship of the national committee, now held by Senator Hanna. Harry New has evidently impressed the national leaders and as Indiana is surely entitled to something large there is no one to dispute high honors with him. Fairbanks is in the senate, Beveridge is in the senate, Judge B. S. Taylor is on the Mississippi river commission and the field is practically clear for the Indianapolis newspaper man, provided Governor Moun's boom for the agricultural portfolio does not grow formidable.

There is something striking in the coincidence of Marcus Daly's death just at the time of the complete triumph of his great rival, William A. Clark. It is said, too, that Daly died without knowing of Clark's victory in the Montana elections last week and it may be assumed, perhaps, that his last days were more pleasant therefor. The Clark-Daly feud was the most notable personal and political rivalry this country has seen in many years. Both began poor, both were lucky and both reached the pinnacle of wealth. Once friends, they fell out and like all friends estranged their rivalry was the more bitter because of it. For political control of Montana each spent millions, sometimes legitimately and sometimes otherwise. Clark's ambition to go to the United States senate was consecutively defeated by

the powerful influence of Daly. Finally, nearly two years ago, after a sensational election, the Montana legislature elected Clark. Daly pursued him to Washington and after hearing testimony of most startling character concerning Clark's use of money in securing votes in the legislature there was declared by the senate to have been no election to the seat held by Clark, though Clark had forestalled expulsion by resigning. Now Clark has won a complete triumph in Montana and will doubtless go to the senate with a certificate of election that cannot be disputed. This victory won while his great rival lay helpless on the bed where he died must have made Clark feel a bit generous toward this worthy foe, albeit he will hardly forget how many times he was forced to sweep his plume at Daly's feet.

MICHIGAN POTATOES ROTTING.

St. Joseph, Mich., Nov. 13.—Martin J. Knold says the main potato raising districts of northern Michigan—the counties of Montcalm, Grand Travers and Leelanau, centered, respectively, in the cities of Greenville, Traverse City and Suttons Bay—are extensively affected with rot, caused by the abundance of rain late this fall. He estimates that in the districts last named fully 25 per cent. of the crop is thus affected, but which, so far as the marketable offer is concerned, includes the whole. Mr. Knold only purchased a few car loads of potatoes in the Suttons Bay district where they were free from rot. It is thought the loss to growers will represent nearly \$1,000,000.

Louis Schirmeyer, of Wayne Township, files the Largest—The Other Bonds.

The township officers are rapidly filing their bonds and qualifying for the positions for which they were elected on November 6. A ROYAL SEPARATION.

London, Nov. 13.—The World of this city says a judicial separation between Prince and Princess Arlberg, of Anhalt, is an accomplished fact. The paper adds that the deeds were signed and the other formalities completed during the stay in Berlin of Prince Christian of Schleswig-Holstein, father of the princess. There will not be any divorce, Prince Arlberg not objecting to the course proposed by his wife.

TO TAKE MOODY'S PLACE.

London, Nov. 13.—It is said Rev. G. Campbell Morgan, of London, will go to the United States to become the successor of Dwight L. Moody. W. R. Moody, the late evangelist's son, has come to England to invite Dr. Morgan to take up the great Northfield preacher's work. Dr. Morgan is reported to view the idea favorably. He plans to devote four months of each year to lecturing to the Northfield divinity students, four months to an itinerary of evangelization and some of his time to recreation and rest. It is likely that Dr. D. Canby will co-operate with Dr. Morgan in the same manner as he has worked with Mr. Moody.

GALE IN ENGLISH CHANNEL.

London, Nov. 13.—A fierce gale swept over the English channel last night, causing a number of wrecks, including the Hildgarde, bound for Shields, near Weymouth. There were no fatalities. The Hildgarde was lost off Hayling Island. All on board were drowned. The Hildgarde mentioned in the above dispatch is probably the British steamer of that name. She is of 1,180 tons, and was built in 1886 at New Castle. She is 262 feet, four inches long, has thirty-six feet two inches beam, and is twenty-three feet six inches deep. She is owned by Dunford & Elliott, of New Castle. Hayling Island is off the south coast of England, in Chichester harbor, near the Island of Portsea. Off the south coast is an extensive shoal.

FAMOUS FILIBUSTERER DEAD

CAPT. JOHN HART'S STORMY LIFE ENDED.

Carried Arms to Cubans in 1896 and Was Sentenced to Prison, But Was Pardoned.

Philadelphia, Pa., Nov. 13.—Captain John D. Hart, of Cuban filibustering fame, died today of apoplexy. During the year 1896 two of Captain Hart's vessels, the Bermuda and the Laura, made frequent trips to Cuba with arms and ammunition for the Cubans. Captain Hart was convicted in December, 1896, of participating in a filibustering expedition and was sentenced to two years' imprisonment. In February, 1898, the sentence was put into execution and in June of the same year Captain Hart was pardoned by President McKinley. Captain Hart was born in Accomac county, Virginia, forty-one years ago.

GRIGGS MAKES DENIAL.

Washington, Nov. 13.—At the department of justice it is denied that Attorney General Griggs has instructed United States District Attorney Baird to institute suits in the federal court of Hawaii to set aside all grants, sales, franchises and leases in Hawaii granted since September 28, 1899. During the interim between the annexation of the islands and the passage of the Hawaiian act of April 30, 1900, the attorney general rendered two opinions to the effect that under the Hawaiian laws then in force there was no power to sell franchises and public lands. By the terms of section 73 of this act the ratification of such grants and sales during the hiatus was subject to the approval of the president.

HEIRS SUE MINING COMPANY.

Denver, Nov. 13.—A suit for \$2,000,000 against the Portland Cold Mining company has been brought in the United States district court by the heirs of Eugene Dougherty, one of the original patentees of the Black Diamond mine, which was acquired by purchase in 1895 by the Portland company. In 1893 Dougherty was killed in a shaft of the Black Diamond mine and the suit is brought by his heirs, all of whom live in Ireland, to recover the amount alleged to be due his estate. James Burns, W. E. Stratton and John Harman are the principal owners of the Portland mine.

KRUPP TO INVEST IN SPAIN.

Berlin, Nov. 13.—A special dispatch from Madrid to the Frankfurter Zeitung says a representative of Herr Krupp is there negotiating with the Bilboa capitalist, Martinez Rivas, and other Spanish capitalists for the organization of a company in Spain to build ironclads and manufacture cannon.

QUIET CABINET MEETING.

Washington, Nov. 13.—Nothing of importance developed at the cabinet meeting today. The president's forthcoming message to congress occupied most of the attention of the members.

THE CENSUS OF 1900.

"I am not Well enough to Work."

How often these significant words are spoken in our great mills, shops, and factories by the poor girl who has worked herself to the point where nature can endure no more and demands a rest! The poor sufferer, broken in health, must stand aside and make room for another.

The foreman says, "If you are not well enough to work you must leave, for we must put some one in your place."

Standing all day, week in and week out, or sitting in cramped positions, the poor girl has slowly contracted some deranged condition of her organic system, which calls a halt in her progress and demands restoration to health before she can be of use to herself or any one else.

To this class of women and girls Mrs. Pinkham proffers both sympathy and aid. When these distressing weaknesses and derangements assail you, remember that there is a remedy for them all. We have on record thousands of such cases that have been absolutely and permanently cured by Lydia E. Pinkham's Vegetable Compound, restoring to vigorous health and lives of usefulness those who have been previously sorely distressed. Here is one of them.

Miss Junglas' First Letter.

"DEAR MRS. PINKHAM:—As I have heard and read so much about your wonderful medicine I thought I would write to you and tell you all about my sickness. I have been sick for four years with womb trouble, a bare white, sick headache, pain in my back, and in right and left side of abdomen, feeling of fullness, a vapour, and dizzy, weak and nervous. I have used many patent medicines, but found very little relief. Please give me your advice."—Miss KATIE P. JUNGLAS, New Salem, Mich. (May 11th, 1898.)

Miss Junglas' Second Letter.

"DEAR MRS. PINKHAM:—I write to thank you for the good Lydia E. Pinkham's Vegetable Compound and Sensitive Wash have done me. It is now six years since I was taken sick. I had falling of the womb and ovarian trouble. I suffered untold pains, sometimes was so bad that I thought I could not live. I used the Vegetable Compound faithfully and all now well. If you like, you may use my letter for the benefit of others."—Miss KATIE P. JUNGLAS, New Salem, Mich. (May 12th, 1900.)

\$5000 REWARD

Whoever can find the fact that some medical product has been used in the treatment of the above named cases, and who can produce the testimonial letters, we are ready to pay \$5000, which will be paid to any person who will show that the above testimonial is not genuine, or was published without obtaining the writer's special permission. LYDIA E. PINKHAM, MEDICINE CO.

PROUD OF HER HAIR

Mrs. HELEN ANGERMAN, the well-known dramatic actor, writes us the following letter from her residence, 25 W. 17th Street, New York City. This talented and versatile young lady has made an enviable name for herself on the stage by her excellent work in support of some of the leading stars, besides being an aid in literary and art circles as an adept with the pen and pencil. She is justly proud of her magnificent head of hair, which is shown to advantage in the accompanying photograph.

"Some time ago, when my hair was brushed, I noticed more and more the increase of hair left on the comb. My scalp became dry and my hair grew thin so rapidly that I had to change the style of wearing it. I then tried various hair remedies, the effect of which was to make my scalp exceedingly tender, and the hair still and brittle when dry. I resolved to try CUTICURA SOAP. This cure I experienced before I had given it a long trial was so great that I determined to continue it. Taking care to have the room warm, I would shampoo my head with a strong lather of CUTICURA SOAP, letting it remain for some time. I would then wash it off with warm water, and dry thoroughly. After a short time my hair ceased coming out, growing soft and silky to the touch of my fingers. CUTICURA SOAP is marvellous, and I would not be without it for my toilet table."

SAVE YOUR HAIR with shampoos of CUTICURA SOAP and light dressings of CUTICURA, purest of emollient skin cures. This treatment of one's scalp falling hair, ringworms, eczema, scabies, and dandruff, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

MILLIONS OF WOMEN

Use CUTICURA SOAP exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of cruds, scales, and dandruff, and the removal of falling hair, for softening, whitening, and smoothing red, rough, and sore hands, for the removal of warts for removing irritations and chafings, or too free or excessive perspiration, in the form of washes for alternative weakness, and for many hygienic purposes which really suggest themselves to women, and especially to mothers, and for all the purposes of the toilet, bath, and nursery.

Sold throughout the world. Price, 25c. **POTTER DUCU AND CHEM. CO.**, Sole Props., CUTICURA Remedies. "All About the Skin, Scalp, and Hair" free.

A MINERS' STRIKE

MEN IN INDIANA COAL FIELD ARE IDLE.

MINERS AND ENGINEERS OUT.

WAGE CONFERENCE WITH THE OPERATORS FAILS.

CHIEF GODFREY'S NEW SON.

OLD MIAMI CHIEF AT PERU AGAIN A FATHER.

Indianapolis, Ind., Nov. 13.—Miners to the number of 8,800 are idle in the Indiana bituminous fields today. With the exception of the bituminous workings along the Vandalia line and in the Clinton district, all the plants were compelled to cease operations, owing to the failure of a conference last night between the Indiana Coal Operators' association and the Mine Engineers' brotherhood. The engineers demanded that the Illinois scale, entailing an increase of wages, be put into effect at once. This the operators refused, but offered to continue the present scale until the convention of the United Mine Workers at Indianapolis next January, at which time the question of paying the Illinois scale to all Indiana miners is to be considered.

The operators made the point that an advance to the engineers at this time would be unfair to the miners. They contended that the engineers received an advance of 50 per cent. only a year ago and also asserted that the conditions of mining in Illinois are different from those of Indiana.

When the conference broke up Chief Taylor, of the engineers' brotherhood, is said to have issued the instructions which compelled a shut-down today. All the black coal fields of Clay county, employing 2,800 men, and all the bituminous fields from the Ohio river to Vermilion county, employing 6,000 men, are affected.

TRIBE INCREASED BY ONE.

Peru, Ind., Nov. 13.—It was a red-letter day at the home of Chief Gabriel Godfrey yesterday, the event being the arrival of the twelfth child by his present wife, and all of them living. Chief Godfrey is widely known as the last chief of the Miami tribe of Indians, a large portion of whom are living in this county, and is one of the rugged, hardy men, of three score years and ten. His wife is a buxom woman aged forty-five and the third wife of Godfrey. By two of his former wives, now dead, Godfrey had nine children, the most of them living and well-to-do farmers of this county. Chief Godfrey resides in a part of the county commonly known as the Indian reservation, and about eight miles east of the city. He is one of the progressive farmers and most widely known.

A FIREBUG SHOT.

South Bend, Ind., Nov. 13.—John Beyers was caught throwing a lighted match in a pile of brooms at Churchill & White's grain elevator, and the engineer fired a shot in the air to frighten him. Beyers then dropped, but while he was being escorted around the building for transfer to police care, he broke away and started to run. He was then shot in the chest by the engineer. The shot is probably fatal. The firm has already lost an elevator in another town because of incendiaries.

REWARD FOR MURDERER.

Delphi, Ind., Nov. 13.—Sheriff Bridge received a telephone message Saturday from Lee, White county, that Perry Barnard, the wife murderer, of Elletts, was hiding there. The hint proved to be misleading. A stranger was found, who was transferred to Monticello and afterward released. Although there is a reward of \$600 for the arrest of Barnard, nothing has been heard of him since his disappearance.

MARTIN & EICHORN DISSOLVE.

Bluffton, Ind., Nov. 13.—The widely known law firm of Martin & Eichorn has been dissolved by mutual consent. Mr. Martin retaining the old stand, while Mr. Eichorn establishes a new office. The partnership was formed in 1893, after Mr. Martin had been elected to congress. In 1899 Mr. Eichorn was elected representative, serving two terms.

THE BROTHER DIES.

Union City, Ind., Nov. 13.—Frank Powell, of this city, convicted in Jay county of burglary and sentenced to the Indiana reformatory, died in that institution last Saturday night. Miss Flora Powell, his sister, whose trial for complicity in her brother's theft

was set for yesterday, was married last week in the county jail to Albert Henry, of this city.

PASSED THE CENTURY LINE.

Logansport, Ind., Nov. 13.—Patrick Burke, of Lake County, recently celebrated his one-hundred-and-first birthday anniversary. He is the oldest man in Cass county, and lives with his son, Patrick, who is 80 years old.

REUNITED AFTER FIFTY YEARS.

Plymouth, Ind., Nov. 13.—William Montgomery, of this city, left for Chicago yesterday to visit a sister whom he supposed died fifty years ago. He first heard of her through ex-County Clerk Whitcomb, who located in Chicago one year ago.

LACEMAKERS TURNED BACK.

English Contract Labor Not Allowed to Land.

Twenty-five Immigrants Come to America to Work in J. Alex Dowie's Mill Factory.

Philadelphia, Pa., Nov. 13.—Twenty-five immigrants, who came here as saloon passengers on the American line steamer Waceland yesterday, were today denied admission to this country by a board of inquiry of the United States immigration commissioners on the ground that they had violated the contract labor law. The party consisted of six men, two women and seventeen children.

Under examination the men and women admitted that they were lace makers and came from Beaton, a small manufacturing town near Nottingham, Eng.

It was proved that a first-class passage had been paid for them by John Alexander Dowie, the "divine healer" of Chicago, who is about to found a city called Zion near Waukegan, Ill., where he intends to establish a lace producing plant. The board learned also that a complete lace making plant is on its way here.

The identity of the lace makers was made known by the agents of the Amalgamated Lace and Lace Curtain Operatives in America, who followed them here from England.

The board decided that as lace making is not a new industry in this country the immigrants should be deported.

CHICAGO'S REIGN OF CRIME.

Mrs. Orrin W. Potter is Assaulted in Her Home.

Found Burglar Bending Over Her Bed—Struck With Knuckles as She Screamed for Help.

Chicago, Nov. 13.—The home of Mrs. Orrin W. Potter, at 130 Lake Shore Drive, was entered by a masked burglar, early today. Mrs. Potter was awakened as the burglar, with a cloth saturated with chloroform, was bending over her and screamed for help, but before the other members of the household, aroused by her cries, could come to her assistance, the burglar struck her with a pair of brass knuckles, almost rendering her unconscious, and escaped. The blow cut a deep gash in Mrs. Potter's head and for a time it was feared that this and a nervous shock would result seriously, but today Mrs. Potter is reported as resting comfortably.

About a year ago this residence was entered by porch climbers, who secured \$18,000 in diamonds and jewelry and escaped without leaving a clue. This time, however, nothing was obtained.

Half a dozen suspects were arrested, but were released after giving satisfactory accounts of themselves.

Last night's attempted burglary marks the climax of a series of hold-ups and burglaries which have taken place in the past few days and today Chief of Police Ripley issued orders for the immediate arrest of any known crook in the city.

WIDOW OF JESSE JAMES DIES.

Kansas City, Mo., Nov. 13.—Mrs. Zerelda James, widow of Jesse James, the noted southwestern bandit, died at her home here today of a complication of diseases, after a long illness. Mrs. James was a Miss Minnie. She was born near Kansas City in 1844 and was married to James at Kearney, Mo., in 1874. They had one son, Jesse, Jr., who is now in business in Kansas City. Mrs. James was with her husband when he was shot and killed by Bob Ford, one of the bandit's former companions, near St. Joseph, in April, 1881.

IT IS JUDGE AIKEN

ASSUMED DUTIES OF JUDGE-SHIP THIS MORNING.

SWORN IN BY COUNTY CLERK

EDWARD QUINN WAS AT ONCE APPOINTED BAILIFF.

NO DELAY IN LEGAL MATTERS

GRAND AND PETIT JURIES ARE DRAWN-NOTES.

It is now Judge Aiken and ex-Judge Vesey. The commission of Mr. Aiken arrived from Indianapolis early this morning and inasmuch as he was elected to serve out an unexpired term the law provides that under such circumstances the judge-elect can assume the duties of his position immediately on the receipt of his commission, properly signed by the governor of the state and attested by the secretary of state. As soon as he received his commission Mr. Aiken went to the clerk's office and was sworn in by County Clerk Belot. At 9 o'clock he was in the superior court room and called court to order. His commission was filed with Deputy Clerk Nicodemus and made a part of the minutes of the superior court and John H. Aiken was a full-fledged judge. He named Edward Quinn as bailiff of the court and Catherine Ritter as court reporter and both were sworn in, entering at once upon the discharge of the duties. Mr. Aiken's first record was a rule to answer in the divorce case of Pierce vs. Pierce. He next entered an order restraining George T. Dresch, who is defendant in a divorce case begun by Marguerite Dresch, from disposing of or encumbering his property and also restraining Leo Warner from paying into Dresch's hands any monies she may owe him.

MURDERED BY ROBBERS.

Lexington, Ky., Nov. 13.—Details have been received here of the murder of an aged woman and the fatal wounding of her son by robbers near Sergeant, a lonely little hamlet in the mountains of southeastern Kentucky. Three masked men entered

the house of Mrs. Mina Hall and demanded money. This was refused and the robbers shot the woman dead. They then turned their guns upon the woman's son, who had come to her rescue, and after fatally wounding one fled.

CARLOTTA'S JEWELS FOUND

TWO MEXICANS ARRESTED IN NEW YORK WITH THEM.

Famous Gems of Maximilian's Ill-Starred Queen Smuggled Into This Country.

New York, Nov. 13.—Two Mexicans, who gave their names as Velasco M. Preza and Alejandro A. Marroucci, were arrested yesterday, charged with smuggling into this country part of the famous jewels at one time worn by Carlotta, the widow of Emperor Maximilian, of Mexico. The jewels in the men's possession are said to be worth \$76,000. The men were shadowed, and Special Treasury Agent Theobald saw them and another man meet at the corner of Broadway and Seventeenth street. He approached them and told one of them that he was a prisoner. The man protested, and, as he did so, handed two packets to one of the other men. A policeman was called, and the two were arrested. The third man was not arrested, but went to the West Thirtieth street station in a closed carriage. At the station the man protested against their arrest, but were held nevertheless. The packages were opened, and in one were found two diamond pins. The stones are single diamonds, set in plain gold, and are said to be worth about \$18,000 each. The other package contained a diamond pendant, which is said to have been formerly worn by Queen Carlotta, suspended from a jeweled necklace. The pendant consists of a large diamond set around with eighteen smaller stones and two large stones hanging beneath. The stone in the center is said to be a famous diamond. It is of thirty-three carats, flawless, and the pendant is said to be worth \$40,000. The jewels were turned over to Agent Theobald. The men were arraigned before Commissioner Shields and were held in bail—Preza in \$5,000 and Marroucci in \$1,500, and their examination was set for November 17.

It was learned that among the papers which Preza had on him when he was arrested was a bill of sale for the diamonds for \$20,000. It is said that one of the men told the officials that the stones were given to them by a woman to sell. This woman is said to be Preza's fiancee. The jewels were in a red leather case, and in the case was a piece of paper on which was written in English: "Diamond necklace is from Maximilian's crown, 1860. The center stone is 33.7 carats and none of the eighteen surrounding stones less than one carat. The stone in one of the diamond rings set in Maximilian's ring at the time he was shot."

THE MARKETS.

Chicago, Nov. 13.—Wheat started weak on lower cables today, December 3/4c to 3/8c lower at 73 3/4c to 73 3/8c, longs offering freely. A recovery to 73 3/4c followed on profit-taking by shorts, but the market later again declined to 73 1/4c. Local receipts were 165 cars, 10 of contract grade. Minneapolis and Duluth reported 540 cars, against 1130 last week and 804 a year ago.

Corn was quiet but steady on a fair demand and light country offerings. December opened unchanged at 30 3/4c@30 5/8c and held at about that figure. Receipts were 524 cars.

Oats were quiet but steady in sympathy with corn. There was some commission house buying. Receipts were 188 cars. December opened unchanged at 22 1/4c@22 1/2c, which price was maintained for some time.

Provisions were quiet and lower because of heavy hog receipts and lower prices at the yards. January pork opened 2 1/2c lower at \$11.07 1/2, January lard 5c down at \$6.85, and January ribs 2 1/2c to 7 1/2c depressed at \$6.17 1/2@6.20. There were no substantial changes in these figures during the early trading.

THE DAY ON WALL STREET.

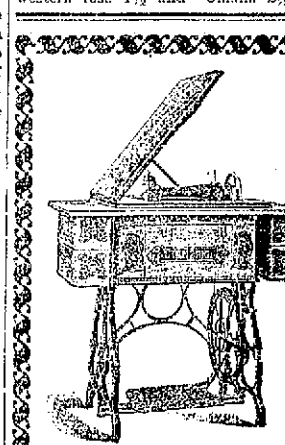

New York, Nov. 13.—Considering the excited state of sentiment at the closing last night, the stock market opened remarkably quiet this morning. Americans in the London market today reflected the reactionary tendency and the majority of stocks showed moderate declines at the opening here, but there were some notable advances among the specialties and a sprinkling of gains among the railroads.

Tennessee Coal opened up 1 1/2, but reacted 1 1/2; and the selling pressure showed some increase in the secondary transactions. American Lined Oil preferred dropped 5 1/2 points.

Speculation was feverish and only in a few stocks were fluctuations wide. Heavy profit-taking and short selling drove the market down, although the tendency had a momentary check in spots through buying to cover.

Pressed Steel Car broke 2 points. Tennessee Coal opening rise was wiped out, and some of the other Steel stocks were a point off. Leather yielded 1 1/2 and Pacific Mail 3/4. In railroad stocks declines approached a point in the Pacific and some of the Grangers. By 10:30 the market showed some relief from the large offerings and began to harden.

Reading first preferred, People's Gas, Brooklyn Transit, Northern Pacific, New York Central and Pennsylvania advanced rapidly. Northwestern rose 1 1/2 and Omaha 3/4.

C. C. SCHLATTER & CO.,
Hardware, Silver Plated Table Ware & Cutlery,
38 and 40 E. Columbia St.

Quite a number of stocks got up above the closing prices of yesterday, but the market continued rather irregular and much less active than for several days past.

As the market showed decreased activity in the buying movement the bears attacked prices again with marked success in spots. Sugar, People's Gas, Atchison, Baltimore and Ohio, Federal Steel, the local tractions and Missouri Pacific gave way to lower prices than before, and all other stocks fell back, in many cases a point and over. Reading first preferred advanced to 66 3/4 and American Lined Oil preferred rallied to 1 1/2 per cent. above yesterday's closing, wiping out an earlier break of 3/4. Taking of profits by the bears caused another rally, but the buying showed a tendency to decrease again and rallies were not well held. Rubber preferred broke 3/4.

Bonds were active and irregular.

Warning to the Public

A score or more policy holders in the Industrial Branch of the Metropolitan and Prudential Life Insurance Company have lately been approached by persons who, for some reason or another, have been discharged or let down by these companies. These persons take up the policies in these companies and entice the holders to have their policies transferred (twisted) in a so-called "Home Company."

Invariably these policy holders call at our offices for the return of their policies, on account of being dissatisfied with the action of these companies, and we can't blame them. We will gladly help them to recover their policies and premium receipt books, or present them with duplicate ones, by notifying us by postal card or letter.

We, however, warn you "NOT TO GIVE THEM UP" to these solicitors, as NOTHING is gained by it, but generally A GOOD DEAL is lost. For information apply to H. W. Ten Brook, White National Bank building, or C. Sauer, Bass block, city. Both general agents.

The regular meeting of the Ladies' Aid society will be held at the home of Mrs. Powers, 156 East Wayne street, tomorrow afternoon, at 2:30.

Omega Oil

Great Is Oil! Did you ever think what an important thing oil is in this world? It is the oil in paint that prevents decay of woodwork. It is the oil the bootblack puts on your shoes that preserves the leather. It is oil that keeps iron and steel from rusting. It is oil that makes machinery run easily and smoothly.

But the greatest oil of all is Omega Oil, the popular green-colored liniment that everybody is talking about. It keeps the human body from decaying and getting rusty. It softens, relaxes, soothes and preserves the flesh of old people. It lubricates stiff joints, and makes them work easily and smoothly. And the little Swiss green herb in Omega Oil is the most amazing thing for stopping pains and aches that ever grew out of Old Mother Earth. If you have a place on your body that hurts, you are mighty foolish if you don't rub that place with Omega Oil, and get cured right away. It is good for everything a liniment ought to be good for.

Tell your druggist you must have Omega Oil and nothing else. He will give it to you or get it for you. The Omega Chemical Co., 257 Broadway, New York, will mail you a bottle, prepaid, wherever in the United States for 50c. In cash, money order or stamps. 72

Mr. and Mrs. A. Well have left for Cincinnati for a visit with friends.

It's a good thing SEAVEY'S have it.

Your Thanksgiving Turkey

Should be tender and baked to a turn, your mince pie brown and flaky for your coming feast. If you haven't a satisfactory oven, prepare beforehand by getting one of our Superior STEWART or BORN STEEL RANGES. Or if you prefer something smaller we would recommend our PRIME FLORENCE COOK STOVE that is useful and ornamental as well. Either one of these are superior bakers, and you can depend upon your dinner being a success. It will save you more in worriment and spoiled victuals than you will have to pay for one.
